Gasoline Row

Real business along gasoline row has been lively the past week, twelve autos doing the "vireumnavigating" stunt last Sunday. Most of the machines, however, were private and the entire party stopped at Halaewa for lunch. Cars from the Honolulu Auto stand made four trips around the island yesterday and two during the balance of the week, which was far better than the week before when steamers were far between. The Young stand has done as good. Chauffeurs who have made the trip say that the road around the island is better now than it has ever been before and the stretch from Halaewa to the city is particular fine.

Several around the island trips are scheduled today from the different stands and a private party consisting of four cars full of merry-makers are also scheduled to make the trip.

Manager Bodge of the von Hamm Young reports good sales for the week and capped them last night by sending a Cadillac touring car on the Claudine to Digby Sloggett on Maui. A big Pope Hartford demitonneau has also been sold and will be delivered today, the garage now fixing it up with speedometer clocks and other extras.

Among other sales are two Packard 30 tonners and a Buick 20 five-passenger touring car to the Volcano Stables at Hilo. Three overland runabouts have also changed hands with the garage on one side of the transaction.

John Watt, manager of the Olan Plantation, Hawaii, has just received a 90-horsepower Thomas flyabout, one of the latest models of the Thomas cars and at present he has the distinction of having the fastest car in the Islands. Watt already holds the around-Hawaii auto record which he made with an Autocar roadster and will undoubtedly try to beat it with his new machine. He still retains the roadster, and as he

has besides a White Steamer, he is well fitted out in this respect of all events.

The von Hamm Young people expect two Packard runabouts on the next steamer.

Only one accident occurred during the week to add to the joyousness of the repair departments of the garages. Sam Papahi's Buick was hit by a King street car opposite the Kaulaui Home and knocked generally out of time. It will take nearly \$150 to put it in shape according to the estimate of Manager Bodge of the von Hamm Young garage.

Henry Hughes and Camp Schoening have become partners in the latest lat-daulet to go on the local stands. It is a Stoddard-Dayton and eclipses any of the model now in town. The boys have taken her to the Young Hotel stand and it is now in service. It is finished in leather and bears all the aspects of a palace car, having card racks, speaking tubes to the chauffeur, leather dusters and even paper soap on hand for the use of the passengers. It was sold by the von Hamm-Young garage.

Mr. Peoples, a Seattle visitor now touring Hawaii, is staying at Halaewa and making several trips to town weekly in his Pierce Arrow in good time.

Billy Williamson has sold his two-seated Ford to George Aikens of Maui.

The latest Thespian to join Honolulu's theatrical ranks is an Overland runabout which has been appearing in "In the Bishop's Carriage" at the opera-house. The von Hamm-Young Garage has lent it for the occasion and it has generally been under the necessity of answering to an encore every evening, so well has it performed its part. It has a high clearance and just manages to get over it without scraping.

Sport Notes

The sporting card for today holds both baseball and tug-of-war for the sports of Honolulu. There will be two ball games at the league grounds, the first to be between the Twentieth Infantry stick artists and Barry's new bunch of national guardsmen from the First Regiment. After them the Marines nine will play a second game with the crook team of the New Orleans, and as the latter have already taken the measure of the Half Webs and proven themselves able to the good at the game, it will be worth watching. The Marines will have a chance to square matters up and try a decisive game later or else allow themselves to be beaten and "do" the fans out of a third exhibition.

A. K. Vierra's postponed rope pulling contest comes off tonight when his tug-war team get busy for inter-national honors. All the men have been getting next to every particle of courage that can be distilled into the game, and have added to that a healthy amount of brass that will do wonders. A big crowd is expected at Athletic Park where it will be pulled off.

The Diamond Heads and J. A. C's will play off the second game of their series tomorrow at the mouth of the grounds will permit.

Joe Cohen announced the preliminary for the wrestling match between Deane and Roberts last night. Cohen trails to expectations. Solihie Moran laugh from Fort Shafter and Whelan, the active boxer, will get together in the squared circle for pugilistic honors. Instead, these will be two shorts, but doubtless far less lights between the champions of camp Verry, Fort Shafter and the Scheduled Barracks. The first of these will be between Earl of the Half Webs and Burgess of the Carollers who fought Metolough to a draw several weeks ago at Honolulu. The second bout will be between Ferguson, also of the Marines, and a Fort Shafter pug.

No details are ready yet for the fight, but it is probable that the first will be for four rounds and the second for six. This, however, is not likely to be the case.

Deane and Roberts are sounding into fine condition. Deane is still the favorite, but Roberts is absolutely confident that he can get his big adversary on the mat. From Roberts' appearance it does not seem as if he is overconfident, for although he does not present the solid appearance that Deane does he is well known to the fans and has not a flaw in a physical make-

Poultry and Fish
